#### Draft Petition Evaluation Document/ Environmental Impact Statement; Tennessee

**AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.

**ACTION:** Reopening of the public comment period for the draft petition evaluation document/environmental impact statement (PED/EIS) for Fall Creek Falls State Park, Tennessee.

**SUMMARY:** The Office of Surface Mining Reclamation and Enforcement (OSM) is reopening the public comment period for the draft PED/EIS on the Fall Creek Falls State Park Unsuitability Petition. Substantial public comments received during the previous comment periods expressed serious concerns regarding potential environmental and economics impacts to Fall Creek Falls State Park and Natural Area resulting from surface coal mining operations if conducted within the petition area. Consequently, OSM has decided to reopen the comment period to provide the public an additional opportunity to submit information to OSM for consideration in the evaluation of the Fall Creek Falls State Park Unsuitability Petition.

**DATES:** *Comments:* OSM will accept written comments until 5:00 p.m. Eastern time on April 29, 1999.

**ADDRESSES:** *Electronic or written comments:* Submit electronic comments to [bbrock@osmre.gov](mailto:bbrock@osmre.gov). Written comments may be hand-delivered or mailed to Beverly Brock, Supervisor, Technical Group, Office of Surface Mining, 530 Gay Street, SW, Suite 500, Knoxville, Tennessee 37902.

**FOR FURTHER INFORMATION CONTACT:** Beverly Brock, Supervisor, Technical Group, Office of Surface Mining, 530 Gay Street, SW, Suite 500, Knoxville, Tennessee 37902. Telephone: (423) 545-4103, ext. 146.

**SUPPLEMENTARY INFORMATION:** OSM has been petitioned by Save Our Cumberland Mountains, Tennessee Citizens for Wilderness Planning, and forty-nine citizens to designate the watershed and viewshed of Fall Creek Falls State Park and Natural Area, Tennessee, as unsuitable for all types of surface coal mining operations. OSM prepared and distributed a draft PED/EIS as required by Section 522(d) of the Surface Mining Control and Reclamation Act of 1977 and the National Environmental Policy Act of 1969. The draft PED/EIS evaluates the potential coal resources of the area, the demand for coal resources, and the impacts of alternative unsuitability decisions on the human environment, the economy, and the supply of coal.

On May 1, 1998, OSM announced, via **Federal Register** notice (63 FR 24192), the availability of the draft PED/EIS and that written comments on the draft PED/EIS would be accepted until July 30, 1998. Subsequently, OSM reopened the comment period from August 21 to September 16, 1998 (63 FR 44925), because of the public's continuing interest and concerns regarding the environmental and economic issues addressed in the PED/EIS. As a result of

OSM receiving substantial public comments on the potential environmental impacts to Fall Creek Falls State Park and Natural Area from surface coal mining operations, OSM is reopening the public comment period until 5:00 p.m. Eastern time on April 29, 1999.

Dated: January 25, 1999.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. TA-201-68]

### Lamb Meat; Import Investigations

**AGENCY:** United States International Trade Commission.

**ACTION:** Scheduling of time for vote on injury, and reasons for finding the investigation is "extraordinarily complicated."

**EFFECTIVE DATE:** January 26, 1999.

**SUMMARY:** The Commission has scheduled its vote in the injury phase of this investigation for February 9, 1999, at 2 p.m., in the Main Hearing Room, U.S. International Trade Commission Building, 500 E Street SW., Washington, DC. The Commission is publishing a separate Government in the Sunshine Act notice for the February 9 meeting. The Commission's reasons for finding the investigation to be extraordinarily complicated are set forth in the "background" section below.

**FOR FURTHER INFORMATION CONTACT:** Valerie Newkirk (202-205-3190), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810).

*Background:* On January 15, 1999, the Commission determined that investigation No. TA-201-68, *Lamb Meat*, is "extraordinarily complicated" within the meaning of section 202(b)(2)(B) of the Trade Act of 1974 (19 U.S.C. 2252(b)(2)(B)). This determination allows the Commission to take up to 30 additional days to make its injury determination in this investigation—that is, the Commission must make its injury determination before the 150th day after the filing of the petition, as opposed to the 120th day. Under a 120-day schedule, the Commission would have been required

to make its injury determination by February 4, 1999. However, the Commission plans to take only 5 additional days, and has scheduled its vote in the injury phase for February 9. The time and place for the hearing in the remedy phase, should this phase be necessary, and the deadlines for filing prehearing and posthearing briefs and other submissions relating to remedy, remain the same as previously announced.

The Commission's decision to designate this investigation "extraordinarily complicated" is based on the complexity of the issues and the size of the record, which will include a substantial amount of factual information developed late in the investigation and after the Commission's January 12 public hearing. Because the schedule for consideration of remedy issues does not change, the 5-day extension will not impair the Commission's ability to give such issues sufficient consideration.

Notice of institution of the investigation and scheduling was published in the **Federal Register** of October 23, 1998 (63 FR 56940), and notice of the Commission's determination that the investigation is extraordinarily complicated was published in the **Federal Register** of January 25, 1999 (64 FR 3715).

Issued: January 26, 1999.

By order of the Commission.

*Secretary.*
