4. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove the minerals.

5. The patentee shall comply with all Federal and State laws applicable to the disposal, placement or release of hazardous substances.

6. The patentee, its successors or assigns, assumes all liability for and shall defend, indemnify and save harmless the United States and its officers, agents, representatives and employees (hereinafter referred to in this clause as the United States), from all claims, loss, damage, actions, causes of action, expense and liability (hereinafter referred to in this clause as claims) resulting from, brought for or on account of, any personal injury, threat of personal injury or property damage received or sustained by any person or persons (including the patentee's employees) or property growing out of, occurring or attributable, directly or indirectly, to the disposal of solid waste on, or the release of hazardous substances from (T. 2 S., R. 38 E., B.M., Sec. 5, S<sup>1</sup>/<sub>2</sub>NE<sup>1</sup>/<sub>4</sub>NE<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>, E<sup>1</sup>/<sub>2</sub>SW<sup>1</sup>/<sub>4</sub>NE<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>, SE<sup>1</sup>/<sub>4</sub>NE<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>), regardless of whether such claims shall be attributable to: (1) the concurrent, contributory or partial fault, failure or negligence of the United States, or (2) the sole fault, failure or negligence of the United States.

No portion of the land shall, under any circumstance, revert to the United States if any such portion has been used for solid waste disposal or for any other purpose which may result in the disposal, placement or release of any hazardous substance.

8. If, at any time, the patentee transfers to another party ownership of any portion of the land not used for the purpose specified in the application and approved plan of development, the patentee shall pay the Bureau of Land Management the fair market value, as determined by the authorized officer, of the transferred portion as of the date of transfer, including the value of any improvements thereon.
