Fiscal policy and inflation: accounting
for non-linearities in government debt

Acknowledgements

We are grateful to the ESCB's Working Group on Public Finance (WGPF) for authorising the use of data on the revenue side from the "Fiscal Questionnaires" for the 12 euro area countries used in this study. This data, alongside with the proxy on the expenditure side as calculated by the ECB, are confidential at the country level and are not reported herein. The majority of this research was carried out while Tom Pесо was a PhD intern in the Fiscal Policy Division at the ECB. The paper benefited from useful comments received, inter alia, in an internal ECB seminar and at the Bank of Ireland/WGPF Public Finance Workshop (Dublin, June 2024), in particular from M. Alloza, J. Caruana, J. Cimadomo, E. Dorrucci, K. Istrefi, M. Lenza, A. Rogantini Picco. We are also grateful to an anonymous reviewer for very useful comments and suggestions. All remaining errors and omissions are solely our responsibility.
